Magnesium Sulfate Crystals CAS 7487-88-9

Details of Magnesium Sulfate Crystals

- | | |
|---------------------|--|
| 1. Classification: | Magnesium sulfate heptahydrate |
| 2. Place of Origin: | China (Mainland) |
| 3. Purity | ≥99.5 |
| 4. Appearance: | Colorless crystals |
| 5. Grade Standard: | Industry Grade |
| 6. Brand Name: | DITAI |
| 7. CAS No: | 7487-88-9 |
| 8. Certifications: | National Formulary H13022031 |
| 9. Packing details: | 25kg net plastic woven bag with PE liner |
| 10. Payment Term | (1) L/C, T/T, D/P |

Specification of Magnesium Sulfate Crystals

	Test item	unit	Analysis Results
1	MgSO ₄ 7H ₂ O	%	99.75
2	Cl	%	0.005
3	Fe	%	0.0014
4	Pb	%	0.0013
5	As	%	0.0002
6	PH	%	6.5
7	Insoluble	%	0.01Max
8	size	mm	(0.2-3)

Usage of Magnesium Sulfate Crystals

there are no toxic matter, thus it is widely used in drug, fertilizer, leather, printing, dyeing, pigment, ceramic, explosive, match, fireproof material, magnesium salt and feed additive.

Storage of Magnesium Sulfate Crystals

Magnesium Sulphate is packed in 50 kg & 25 kg HDPE/PP bags.

Magnesium Sulphate Monohydrate and Anhydrous are highly hygroscopic
